

# SES Band 1 Leadership program

A program for adaptive and impactful leaders

## Accelerate your leadership impact

The SES Band 1 Leadership Program strengthens the leadership capability of experienced senior executives across the broader APS, to effectively deliver on their key accountabilities. Participants will learn to:

- think broadly and strategically to deal with complexity and apply integrity to everything they do
- communicate with clarity and persuasiveness to inspire and engage others in a shared purpose and vision for a more integrated and outward looking APS
- experiment and take more informed risks, thinking innovatively, leveraging sound evidence and being open to challenge
- collaborate skilfully and engage productively with diversity while practicing self-awareness and emotional intelligence
- demonstrate resilience and work well under pressure
- lead effectively through change in volatile, uncertain, complex and ambiguous circumstances
