

SES Band 2 Leadership program

A program for adaptive and citizen centric system leaders – design and delivery of the pilots

Continue your leadership journey

The SES Band 2 leadership program strengthens the leadership capability of senior executives to effectively perform the range of high-level responsibilities. Band 2 executives play a critical role in shaping and implementing corporate strategy, building a positive and high-performing workplace culture, and managing risks and opportunities of complex agency-wide and whole-of-government initiatives.

This program will encourage participants to:

- expand your personal awareness and build valuable insights into leadership behaviour
- explore strategies and frameworks to recognise, evaluate and respond to complex strategic challenges
- apply leadership concepts to real situations and challenges
- develop a deeper understanding of the perspective and experiences of citizens
